## Opera Workshop (Music 106/406E)

Fall 2017

Course description and format: The Opera Workshop ensemble offers participants the opportunity to study, memorize and perform repertoire from the musical theater and operatic repertoire. See "Class Activities" below for a full description of how class time will be spent.

During some semesters, students will study and prepare a single opera or musical in which all class members perform together. During other semesters, they will study a collection of scenes and/or short works from opera and musical theater.

In Fall of 2017, we will study and perform the musical *Avenue Q* in collaboration with the HSU Dept. of Theatre, Film & Dance. Students will gain experience singing solo and/or ensemble parts, collaborating with a conductor and an accompanist, and building and maintaining a character. All singers will participate in 6 public performances of the musical *Avenue Q* on the HSU campus.

## **Student Learning Outcomes (SLO's)**

---

Opera Workshop is offered in Area C (106E), which encompasses the disciplines of the Arts, Literature, Philosophy, and Modern Language. Below are the goals and objectives for Area C classes:

### Area C Goals

The Arts and Humanities seek to integrate intellect, imagination, sensibility and receptivity in reflection upon human experience. Courses in Area C should assist and inspire students to cultivate and refine their affective and cognitive responses so they can consciously recognize and embody their experiences and their expressions of human existence. Through studying and responding to the great works of human imagination, and through experiencing individual aesthetic and creative processes, students can gain balance through integration of their intellectual, emotional, and creative responses, thereby, enhancing their understanding and appreciation of human life.

### Area C Objectives

All courses shall accomplish the following in a discipline-specific manner.

- Students will apply discipline-specific vocabulary and central discipline-specific concepts and principles to a specific instance, literary work or artistic creation.
- Students will respond subjectively as well as objectively to aesthetic experiences and will explain the integrity of both emotional and intellectual responses.
- Students will explain the nature and scope of the perspectives and contributions found in a particular discipline within the Arts and Humanities as related to the human experience, both individually (theirs) and collectively.

### Arts-specific Student Learning Outcome (SLO):

- Students will demonstrate an understanding of the intellectual, imaginative, and cultural elements involved in the creative arts through their (or, "as a result of their") participation in and study of drama, music, studio art and/or creative writing.

### Music Department Assessment Goals and corresponding Outcomes

In addition, the Department of Music has the following goals and outcomes. The outcomes in **bold** print are the ones are most relevant to Opera Workshop.

Goal 1: Students will demonstrate the ability to hear, identify, and work conceptually with the elements of music – rhythm, melody, harmony, and structure.

**Goal 2: Students will demonstrate familiarity with, and an ability to perform a wide selection of musical literature representing principal eras, genres, and cultural sources.**

Outcome 2A: Students can identify and trace essential developments in Western Art Music history.

Outcome 2B: When listening to a musical composition, students can identify its historical era, cultural sources, genre, texture, instrumentation, and possible

composer when appropriate.

**Outcome 2C: Over the course of four years, music majors will perform a wide variety of Music - in solos, large and small ensembles, from different eras, in different styles.**

**Goal 3: Students will demonstrate ability in performing areas appropriate to the student's needs, interests, and degree path.**

**Outcome 3: Students will demonstrate improvement in their performing skills – both in the quality of their performance and the difficulty of the repertoire which they can perform.**

### Humboldt State Learning Outcomes
