

Syllabus - - MUSIC 305

revised 1-9-18

This syllabus attempts to conform to the HSU syllabus templates, Spr 2008 & Spr 2016. Numbering is by GC, for explanatory use in class.

This Syllabus is subject to revisions/adjustments issued in class. Students enrolled in the class are responsible for all information contained here, any revisions/adjustments issued in class, and also portions of the University Catalog pertaining to Student Conduct and Academic Honesty.

Music 305 Jazz – An American Art Form

SPRING SEMESTER 2018

Tue & Thu, 3:00pm to 4:20pm

Room 130, Music Complex A

Dr. Gilbert Cline

Office: Room 125 (Music A)

(Dr. C is @ HSU only on T, W, & Th)

1 - Contact information: Campus Phone: (707) 826-5441 Email: gdc1@humboldt.edu

Office hour / day: _____ (TBA, write in !)

Office hour will be announced as soon as established, most likely Week #2.

When announced, students should write this information in the space provided here above.

- 1.1 My office, room 125, is in the older, single story music building. At office hours knock on the door if closed – done only to block out noise from adjacent practice rooms. If there is no answer, I may be on the phone; OR, look for a note explaining my location or schedule for the hour. Office hours are typically set in the 2nd week, because of TBA lessons. My schedule, including days before the semester, Week #1, & Finals Week, is normally posted on the door.
- 1.2 Outside of class, and e, you may leave a paper note in the Department Office in my mail box, or in the drop box outside that door, if after hours. Don't leave notes on my office door -- not a safe place.
- 1.3 Email contact is fine for simple questions. If you need explanation about grades, points, and so forth -- or you have a complaint -- see me in person. Avoid email anger-venting, especially late at night; a recent trend. I check email often enough, but not always all hours of every day, so please be patient.

2 - Course description: " Uniquely American art form of jazz. African-American jazz innovators. Perspectives of history, society, performance, gender, and current trends. Lecture, listening, discussion. "

- 2.1 **CONTENT OF MUSIC 305 includes :** • instruments of jazz • terms of jazz and of music
• techniques and practices specific to jazz • jazz eras/styles from the 1920s through recent years
• 20th century African-American innovators and artists • the "hows" and "whys" of jazz music
• influences of Western Europe, of Africa, of 19th-century U.S., and also the Caribbean
- 2.2 It is OK here to have no training in music, but HSU G.E. classes REQUIRE subject matter! Each GE class must deal with direct subject matter so that students from other disciplinary areas have some subject depth along with the breadth.
- 2.3 This is the sort of class best not taught on-line, because of “hands-on” elements of class sessions. For example, upon meeting instruments such as clarinet, cornet, and saxophone we pass one around the class for all to touch and examine. And on Drum Set Day, each member of class gets to play, in turn, a drum -- in jazz swing style -- for a short while.

3 - This course fulfills the requirements for Upper Division General Education, Area “C” at H.S.U.

- 3.1 Music 305 is frequently taken by Music Minors as part of the upper-division-unit requirements.
- 3.2 Music Majors often take Music 305 for subject knowledge as performers / teachers / composers.

4 - The format of this course is lecture with integrated listening activity, and demonstration of musical elements and other tangibles such as music instruments. Originally a class with 25-30 students, HSU class sizes are now much larger (45-65 is typical in Music 305) and so true “discussion mode” is largely impractical in a class of this size. Individual responses are efficiently gained from student essay writings on various jazz topics and on music played in class.

5 - Pre- and co-requisites:

- 5.1 There are no official pre-requisites. Students with no prior music experience CAN be successful in Music 305.
- 5.2 As an upper division class, enrolled students should be at Junior or Senior standing. Freshmen and Sophomores can be successful in the class; it's your choice. Music Minors are advised to take other music classes (Mus 104, Mus 110, and instruction classes) before taking U.D.G.E. Music 305, for the best possible experience.

6 - Minimum grade needed for the course to count toward the major: Music Majors need to enroll in this class in Normal Grade Mode (letter grade); not Credit-Credit. Music majors also should look for various requirement revisions ongoing, and consult both the latest Music Major Handbook and the University Catalog.

7 - Required and recommended texts, readers, or other reading materials for this course include:

- 7.1 **Required textbook:** Jazz - An American Journey. Brian Harker. Prentice-Hall
- 7.2 **Required listening:** the 3-CD set accompanying the above textbook is no longer available, so we now access music online (youtube) with links sent to you via HSU email. Check your email for the links!
- 7.3 **Required photocopy packet:** WHEN ANNOUNCED. Has Listening Guides, Jazz Speak, and more. The Listening Guides are required for In-class activities. Other pages, in total, are "Exam Guides." (!)
- 7.4 **A paper notebook** for daily notes ... critical in the university mode of learning. Take lots of notes!
- 7.5 Recommended supplemental reading and study: There are tons of resources online; Choose Wisely! Some will help you identify instruments; others history; and others insights into culture and personalities. Youtube vids show groups in action ++ Music majors planning on teaching or performing jazz, or attending graduate schools having a jazz studies program, need the book by Mark Gridley. A smaller, excellent book (now out of print) is that by Grover Sales. The coffee-table style book by G.Ward, which goes along with the Ken Burns film "Jazz," is excellent. Lastly, if you find the Smithsonian Collection of Classic Jazz CDs (sadly out of print) buy it!

8 - This course explicitly contributes to students' acquisition of skills and knowledge relevant to HSU Learning

Outcomes: *Every department has mapped HSU Learning Outcomes . . . listed below: (HSU Language)*

- HSU graduates will have demonstrated:

1. Effective communication through written and oral modes.
2. Critical and creative thinking skills in acquiring a broad base of knowledge and applying it to complex issues.
3. Competence in a major area of study.
4. Appreciation for and understanding of an expanded world perspective by engaging respectfully with a diverse range of individuals, communities, and viewpoints.

- HSU graduates will be prepared to:

5. Succeed in their chosen careers.
6. Take responsibility for identifying personal goals and practicing lifelong learning.
7. Pursue social justice, promote environmental responsibility, and improve economic conditions in their workplaces and communities.

9a - Area C Objectives: *(HSU Language)*

All courses shall accomplish the following in a discipline-specific manner:

1. To understand human experience through the development of the ability to recognize and test relationships between particular instances and facts, and general principles and concepts.
2. To develop and/or increase one's subjective responses to humanistic and/or artistic works, including analysis of disciplinary standards of judgment (contemporary and/or historically) in humanistic and artistic areas.
3. To highlight varied factors in the personal nature of human beings' production and response to artistic and humanistic works including (but not limited to) gender, culture or ethnicity.
4. To provide an understanding of the nature and scope of perspectives and scholarship within the arts/humanities and to appreciate the importance of these perspectives and scholarship toward understanding of human experience.

9b - Area C Measurable Learning Outcomes: *(HSU Language)* (Objectives 1, 2, 3, and 4)

1. Students will demonstrate knowledge of and ability to apply discipline-specific vocabulary. Written, tangible, or presentational assignments will demonstrate application of concepts and principles to a specific instance.
2. Through written, tangible, or presentational assignments, students will demonstrate an integrated response of affective subjectivity and collective standards of judgment in relation to an artistic or humanistic work.
3. Through written, tangible or presentational assignments, students will demonstrate their ability to critically evaluate the production of humanistic or artistic works through the lenses of (but not limited to) gender, culture, or ethnicity.
4. Students will articulate in written, tangible, or presentational assignments the particular contribution(s) that a discipline within the Arts and Humanities can bring to understanding human experience.

9c - Music Department Learning Outcomes - These outcomes pertain to Music Majors taking this course, and were revised Oct 2007, regarding skills and knowledge relevant to the National Association of Schools of Music language.

1. Students will demonstrate the ability to hear, identify, and work conceptually with the elements of music – rhythm, melody, harmony, and structure.
2. Students will demonstrate familiarity with, and an ability to perform a wide selection of musical literature representing principal eras, genres, and cultural sources.
3. Students will demonstrate ability in performing areas appropriate to the student's needs, interests, and degree path.
4. Students will demonstrate improvement in their performing skills – both in the quality of their performance and the difficulty of the repertoire which they can perform.

10a - Music 305 Course Goals and Objectives:

(DEFINITION: Goals are of a broad and far reaching nature; more general than objectives, they can be suited to a lifetime of study. Objectives are specific, and are the way by which one proceeds toward Goals!)

Music 305 students are expected to think at a highly critical level, applying specific knowledge of the subject matter in this sort of upper division class. In responding to music, an end-goal is synthesis, in the way defined as “upper level” in the timeless and smart Bloom's Taxonomy of Educational Objectives.

10b - COURSE GOALS for Music 305:

- 1- **Listen to some of the great jazz compositions and performances in 20th-century America.**
- 2- **Learn about the innovators (the musicians) of the major jazz styles.**
- 3- **Know certain things about how this music is played, and the roles of the instruments.**
- 4- **Understand how some musicians become so good, so artful, and so meaningful.**

10c - COURSE OBJECTIVES for Music 305: Now termed “Student Learning Objectives” (SLOs) by HSU, 2014.

“Upon successful completion of this course, students will be able to : ...

- 1- ... correctly use certain terms relating strictly to musical performance in the jazz styles, and also other terms relating to the ways in which jazz musicians work with each other.
- 2- ... trace the roots of jazz via construction of a "Family Tree" of twentieth- century jazz styles and artists.
- 3- ... identify and describe in musical terms representative artists, ensembles, and works in the central jazz styles.
- 4- ... describe and identify the forms "AABA" ("standard song") and “Twelve bar blues" in jazz, upon hearing an example.
- 5- ... describe the musical processes and techniques, and overall effect, of jazz improvisation, and form a preference for certain styles / eras of jazz improvisation.
- 6- ... describe contributions of the great African-American jazz musicians, and of women musicians in jazz.
- 7- ... form a preference for a style (or styles) of jazz and for specific artists representing those styles, and be able to assert the reasons for stating those preferences. ”

11 - Course Requirements:

11a - ATTENDANCE AND RELATED POLICIES :

- 1- Attend all class sessions. **Attendance is mandatory** and expected, not optional.
- 2- **Arrive before the class begins**, which is right on the hour. If you tend to be late, change that habit!
- 3- Absences are recorded. Patterns absences of are easily seen. If you miss class at your option, do not expect favor and consideration later -- student attendance, attention, interest, and motivation count.
- 4- Excessive absences will result in a grade of U --unofficial withdrawal-- and being disinvited from further class session and exams, including mid-term and final exams. (term: “stopped attending.”)
- 5- If you have a valid reason for not attending, be in contact; in advance when possible. If you have other CAUSE (a legal term) for missing class, describe this in writing without delay.
- 6- AVOID falling into some **typical traps**, for example: a.) attending only the days you think there is a quiz; a bad plan; cheap! b.) “Tag-team Attendance” where you trade off days with a pal -- you're only getting 50% of the class, and you are going to miss a lot, including quizzes and listening.

11b - If you have HSU Athletics / Academic travel, hand to me a print list of travel dates by the end of Week #1.

11c - LISTENING IN CLASS : When not in mode of discussion, question / answer, or verbal quizzing, **remain silent (not “quiet”), awake, and attentive.** (See “THE 4 RULES OF ANYTHING.”) **When recordings / vids in class are played, DO NOT talk; be silent;** listen attentively; do not speak to/with others. See also 11 e 3 a - e.

11d - GRADED elements in Mus305 of student work: (see 12e following, for points / ranges)

- 1- Quizzes: every other class at first, then once a week or so -- not always announced in advance.
These are to build on basic terms, info, and reading; they also serve as roll for class.
- 2- In-class Listening: to recordings, sometimes from your CD set, and often from other sources.
This is where your intelligence will show; you are authorized to provide opinion and perspective.
- 3- MID TERM EXAM: date announced around week #2 or #3 ... required for all the class on same day.
May be Scan-tron OR fill-in / essay. Includes objective, subjective and listening components: title recognition from assigned recordings; a complete musical example; and ID of jazz styles/eras.
- 4- Mid-semester Essay: issued before, with, or just after the Mid-Term Exam.
This is to probe some elements of knowledge, but more to probe your views and perspectives.
- 5- Drum Set Day. Each of you plays jazz drums for about a minute! (along with a recorded track.) Fun+
- 6- FINAL EXAM (see below for date and time; always according the University Schedule).
About half Scan-tron, half essay / listening. Comprehensive in content, but skewed to later years.
- 7- Final Essay, take-out, due at Final Exam (or TBA in last week) as you walk in.
For this, you bring all your knowledge to bear. Issued at end of course, week #15.
- 8- Jazz Family Tree, due at the Final Exam as you arrive. Explained at last class session, week #15!

11e - OTHER CLASS POLICIES : (includes expectations and rules)

- 1- Key words are: **ATTENTIVENESS, COURTESY, and RESPECT**
 - a- Use of profanity / slurs / taunts will result in a student being dismissed from that class session.
 - b- Any occurrence will result in a Complaint being filed with office of the VPSA.
 - c- Discussions in class must be civil and polite. Keep tone of voice and volume of voice free from anger ... one letter short of danger. Avoid humiliation, embarrassment, and hurt feelings.
 - d- If you have a strong view in need of professor / class consideration, speak with or write that to the Professor first, to prevent class disruption.
- 2- See at the very end of this syllabus, the “FOUR RULES OF ANYTHING.”
- 3- The items **below** have been issues; read carefully. In order to provide the best classroom environment for the majority, my policy is to PENALIZE GRADE for infractions:
 - a- **“Devices” : must be turned dead off, all functions, and stored out of student reach and eye contact upon reaching your seat. -- No texting / etc in class. NOTE WELL: particular extension of this applies to quizzes and exams: result is instant ejection from class and failure of the course. -- No photography via any means. -- Permission is NOT granted to audio or video record the professor or class members (this is per CFA.)**
 - b- **Notes by device? Not advised. Ask permission; if approved, side of aisle only, no back row. No online access in class. Devices are distracting to others; multi-tasking is NOT effective.**
 - c- **Listening attentively: do not chat / talk / whisper with others while in class session, unless the directions of the Professor at that moment permits or prompts - - rarely the case.**
 - d- ***** When music is being played, do NOT talk unless called upon to do so! BE SILENT!**
 - e- **If you have a question or comment (and pertinent) in class, RAISE YOUR HAND.**
 - f- The balcony: closed for small classes, for benefit of proximity. Balcony seating is by approval.
 - g- **Visitors:** only by prior permission by the Prof. HSU policy: “Individuals in attendance in a course in which they are not officially enrolled may be excluded from the course by the instructor.”
 - h- **Food:** is not permitted in class, as it is almost always a disturbance to others, due to odors/ sounds. In particular, do not fumble with noisy wrappers -- consume snacks before arrival, or at Break.
- **Beverages:** nonalcoholic, are permitted in class -- BUT NOT EXAMS -- if not a disturbance to others. Spills? -- you clean up. Consequence: refrain from bringing beverages to class.
 - j- **Hats:** can block sight of others; reduce eye contact (and ear ability); and are NOT worn indoors or at concerts by polite society -- by listener or performer! Please be considerate.

12 - Grading information:

12a POINT SYSTEM - Grades are determined by a point system, beginning with all the quizzes, mid-term and final exams, listening exercises, and other written assignments. Unlike some grade schemes (such as: “Midterm is worth 33% and the Final is worth 66%”) a point system using points alone, without letter grades, is automatically weighted, reflecting a value designed for each event.

12b TOTAL POINTS, and “END” LETTER GRADES - By the end of the semester, there will be some 400-500 points possible. Only points are recorded; letter grades are not recorded. So, keep track of your grade as you go along via your points in order to estimate a letter grade. Conventional grade "brackets" are applied: 90-100% =A, 80-90%=B, 70-80%=C, 60-70%=D - - and a “curve” is always present.

12c PLUS/MINUS GRADE MARKS, and CREDIT/NO CREDIT - Final letter grades will include pluses and minuses, the fairest method. For students enrolled on credit/no credit basis, your final grade mark will posted as a letter grade; the letter grade is changed electronically to either C or NC as appropriate.

12d EXAM DIFFICULTY and (BELL) CURVES - Please be advised that the M305 exams are considered by most students to be difficult. They are constructed this way on purpose, so that several people do not max out at 100%, making it impossible to truly know how just how well top students are performing. This also means that a modified curve is devised for exams, adjusted to the top scores for exams, not the highest score possible. Similarly, a grading curve is devised for the entire class at the end of the semester for the final posted grade. A typical "bell curve" is always evident in all exams and in the final posted grades, typical of any group exceeding 21 in number.

12e POINTS and RANGES - Below are point ranges typical for Mus305.
 Quizzes usually 4-11 points (never 5 pts or 10 pts!)
 In-class listening typically 6-14 points
 Midterm exam typically 75-95 points
 Mid-semester essay 15–22 points
 Drum set Day / Piano Day 10 points
 Final Exam 160-175 points
 Final essay, take-out 25 points
 Jazz Talk/Jazz Family Tree 10-25 points

12f THE “50 POINTS” IN RESERVE - These 50 points are held in reserve and assigned at the conclusion of the semester. Criteria are: attendance, punctuality, and “intangibles” which affect the ability to clearly listen and think in class: attention level, attention and silence while listening to recorded examples, involvement in class discussion, evidence of reaction when called upon by the professor, and politeness / courtesy to the professor and to others. Details below here:

Students are held accountable for their actions. The best way, for all, to accomplish this is through a system of credit (& demerits). First, there are all the usual points earned (quizzes, homework, exams, etc). Then -- like life -- there are things which can seriously compromise both individual learning and communal learning, here, in a university classroom setting. You are expected to be: present, on-time, awake, attentive, civil, and polite. Being friendly is a nice option!

[Musicians: in music performance there are similar factors -- the “intangibles.” These can lead to success.]

BELOW ARE FACTORS CONDUCIVE TO THE LEARNING PROCESS / ENVIRONMENT:

- Positive occurrences are beneficial (to all) and are an aspect of MERIT.
 - Negative occurrences are detrimental ... to the class, to the professor, to HSU.
- 1- attendance (in total) the more you’re here, the more you’ll absorb
 - 2- arriving on-time / early, at class start
 - 3- attentiveness in class: eye contact, note-taking, focus, response
 - 4- attentiveness and silence while listening to recorded examples

- 5- involvement in class discussion / reaction when called upon by the professor
- 6- politeness and courtesy to the professor and to others
- 7- posing questions which are helpful, pertinent, and insightful
- 8- cooperation in instructions and requests from the professor
- 9- other helpful conduct / intangibles
- 10- academic honesty: quizzes / assignments / exams

Note that there are TEN factors above; you could consider this almost a 5-point value-per-factor. Demerits are implied. Here's a typical end-result scheme: - A normal-to-great student? ... 50 to 40 points.
- Minor problems? ... 40 to 30 points. - Big problems? ... ? 30 down to zero points.

[In my studio and ensembles, students are asked to assess their own grade, based on similar factors.]

12g FINAL POSTED GRADES - See above 12.3 on plus and minus marks and C/NC. The marks "U" and the "I" often are confusing, so the text for 1- and 2- below is from HSU regulations, here for clarification:

- 1- "U" = "UNAUTHORIZED withdrawal" ... means the student did not complete the course and did not formally withdraw from the course. The U grade is equivalent to the F grade.
- 2- "I" = "INCOMPLETE" is awarded when a student has not completed the course due to "unforeseen but fully justified circumstances." This is actually quite rare. NOTE WELL: an "I" mark must be requested by the student; the professor must be contacted and agreeable; the HSU form must filled out by the student (not the professor); and student/professor must meet in person. Email/phone requests are not accepted. The circumstances must be justified -- for "cause" -- and the student must sign the form. [It is important to note that "personal convenience" is not "cause."] A mark of "INC" is not issued as a kindness in the case of a paper not turned in, or an exam not taken, because some students need all grades posted so as to meet financial aid unit requirements. So, it is necessary to issue a grade based on student accomplishments up to the end of the term.
- 3- You must request, in writing, an INC mark and describe the situation; do not assume that I know the reason. If you stop attending class, miss quizzes, miss assignments or so forth toward the end of the semester, you run the risk of a mark of U or F, being disinvited from class, and not being allowed to take the Final Exam. You must attend regularly and frequently.
- 4- If you fail to turn in a paper or other final assignment without explanation, a grade is calculated without those points, possibly worth one or two letter grades.

12h GRADE ERROR? If you believe that an error was been made in your posted grade, contact me in person (not by email alone), stop by my office, and we'll look, together, at your records. These are kept in detail. Note well: because of limited storage, exams are retained on file only for a few months. Final exams are destroyed and discarded at mid-term of the next semester. If you need to make a claim regarding a final exam, do so BEFORE mid-term of that semester, when old exams are shredded and discarded.

12i POLICIES ON DUE DATES -

- 1- Work is accepted and graded when it is due, in fairness to all.
- 2- In some cases, late work is not accepted, as the class may have already reviewed the results, compromising the assignment for others.
- 3- In other cases, late work is accepted with penalty, in fairness to those who turned in work on time -- and to the professor, who must again grade papers.

12j POLICIES ON "MAKE-UP" WORK -

- 1- Some assignments (but not late in the semester) are accepted late, but with penalty. See above, 12i.
- 2- The penalty is "points-per-day," in fairness to those who turn work in on time. In almost every case, each day that goes by means you had more time to work on the assignment, while others who met the deadline had less time to do the work.
- 3- Some assignments may have an Absolute Due Date ("Drop Dead Deadline"), for these reasons:
 - a- it may be necessary to grade ALL papers at once to ensure fairness;
 - b- at certain times, the professor has NO extra time to grade late papers;
 - c- the class deserves the timely return of assignments.

12k FINAL EXAM POLICIES -

The Spring 2018 Mus305 Final Exam is : Tue May 8, @ 1500 (3pm) to 1650.

- 1- The Final Exam will be held at the HSU scheduled day/time during Finals Week. There are no exceptions, so **make plans now to attend that day/time. Do not let others, such as family and friends, make travel plans (especially reservations) for you** – inform family of your obligations to be at HSU to take Final Exams! If you know you cannot attend this Final Exam, drop the class.
- 2- If you miss the Final Exam without explanation, a grade without Final Exam points is calculated and posted. This is some two or three letter grades in value, almost certainly resulting in failure.
- 3- No early exams, and no late exams, meaning a day or two earlier or later. (see below #4)
- 4- If the final grade is an INC with the need to take the Final Exam, you must do this in the next semester at the scheduled Final Exam time during finals week with the class that semester. There is no extra time to hold a special exam, and the sequence of the exam as to listening portions requires exact verbal cues for the audio playback portions. (Using The Testing Center does work for us.)

12l TIME EXPECTATIONS - Typical expectations at HSU and other universities, on the expected time that students will need to spend studying/doing coursework outside of class, is two hours of time outside class for every hour of lecture/seminar. Students in Mus305 should expect in a normal week to do about four hours of text book reading, two hours of listening to the required audio CD set, and about two hours of learning jazz/technique terms and names of jazz artists.

13 - Academic honesty: Students are responsible for knowing policy regarding academic honesty. For more information, visit: [Academic Honesty Policy](#) or [HSU Catalog](#) (*retain this text*)

- 1- [University Catalog] ... "Students are expected to maintain high standards of academic honesty. Check the detailed Fine Print in the Catalog sometime.
- 2- You are expected --always in Mus305-- to do your own work. If you happen to study in groups, do not share answers to homework and such; work on your own, producing your own thoughts.

Below are excerpts from the Fine Print section of the HSU Catalog :

- 3- "The instructor may assign an "F" or "O" on the exam or project" ... and "may file charges of cheating or plagiarism with the Vice President for Student Affairs."
- 4- "A student... may face disciplinary probation, suspension, or permanent expulsion from the University. The usual penalty... is suspension for at least one term ... noted on permanent transcript."
- 5- "Academic dishonesty is willful and intentional fraud and deception ... Examples include :

* TAKING INFORMATION -

- a- Copying graded homework assignments from another student.
- b- Working together on a take-home test or homework when NOT specifically permitted by the instructor.
- c- Looking at another student's paper during an examination. (or, during a quiz.) -- includes SmartDevice.
- d- Looking at text or notes during an examination when NOT specifically permitted by the instructor.
- e- Accessing another student's computer ...

ADD THIS : --- Using internet sources on personal essays.

* PROVIDING INFORMATION -

- f- Giving one's work to another to be copied or used ...
- g- Giving answers to another student during an examination.
- h- After having taken an exam, informing another person ... about questions that exam.
- i- Providing a term paper to another student.
- j- Taking, writing a paper, or creating ... work for another. "

* There are seven more examples given of plagiarism alone, plus seven examples of "other" dishonesty. Read it.

14 - Students with Disabilities: Persons who wish to request disability-related accommodations should contact the Student Disability Resource Center, 826-4678 (voice) or 826-5392 (TDD). Some accommodations may take up to several weeks to arrange. [Student Disability Resource Center](#) (*retain this text*)

15 - Add/Drop policy: Students are responsible for knowing the University policy, procedures, and schedule for dropping or adding classes. Schedule Adjustments (Adding or Dropping) (retain this text)

- 15.1 Professor permission is not given to add Mus305 after the first day. Students must attend all class sessions, including the first day when by HSU mandate this entire Syllabus must be presented.
- 15.2 **Students are *not* added the 2nd week ...** (the boat has departed the dock...)
- 15.3 The HSU **deadline to drop a course** without a serious and compelling reason is _____
- 15.4 **NOTE WELL:** If you've added the class late, and/or missed any days of the first week, you must request the Syllabus, consult with Dr. C, and **fully read the Syllabus**, slowly and completely. +++

16 - Emergency evacuation: Review the evacuation plan for the classroom (posted on the signs), and see Campus Emergency Preparedness http://studentaffairs.humboldt.edu/emergencyops/campus_emergency_preparedness.php for information on campus Emergency Procedures. During an emergency, information can be found campus conditions at: 826-INFO or Emergency Conditions (retain this text)

-- **For Music and Mus305:**

- 16.1 East Door and out & / versus North Door (turn left and go West) to Rally Point.
- 16.2 Window! (normally keep closed) is ALSO AN EXIT ...
- 16.3 Our Rally Point Balabanis Quad if exiting to East ... Sundial if exiting North door to West, THEN to Official HSU Rally Point Grassy area west of Library Circle.
- 16.4 E.A.P. #2, Upper Events Field, South of Engineering, East of SBS. [OR Redwood Bowl ...]

-- **THE BIG 3 - -**

- (1) EARTHQUAKE: duck & cover, then go to Rally Pt, then go to EAP if ...
- (2) FIRE / ALARM: calmly get out of the room and building, closing doors & windows
- (3) GUNSHOT / CRIMINAL: get away ... no RP or EAP ...

17 - Attendance and disruptive behavior: Students are responsible for knowing policy regarding attendance and disruptive behavior: Class Attendance and Disruptive Behavior (retain this text) **SEE BELOW 20a**

- 17.1 See above sections in this syllabus: 11a, 11b, 11c, 11e, and 12f. You are required to read them.

18 - Course calendar: see next pages, pages 9 & 10 following.

19 - THE FOUR RULES OF ANYTHING! (from another source. VERY useful!)

- 1 - PAY ATTENTION please do so in class!
- 2 - REMAIN CALM aka : stay cool. don't talk, too much, or at ALL!
- 3 - ACCEPT WHAT HAS HAPPENED eg: car accident, mid-term review, etc.
- 4 - DO WHAT NEEDS TO BE DONE universal advice! don't give up ++

20 - ACADEMIC ADVICE !

- A** - Pls review : <http://www2.humboldt.edu/academicprograms/syllabus-addendum-campus-resources-policies>
- B** - Attend! A good Life Rule: SHOW UP. Don't take days off just 'cuz. Don't attend only on Quiz Days.
- C** - **Take copious amount of notes!** Some people try just to "remember" stuff, and end up taking very perfunctory notes. The key is to use as many of your brain cells as you can, so : ✓ TAKE TONS OF NOTES! ✓ WRITE DOWN EVERYTHING then sometime later that same day, go over those notes and "fill in the blanks!" This process clarifies topics, but best of all converts short-term memory into long-term memory! This pays off, especially when reviewing for quizzes and exams +
- D** - Listen with your ears! - Maintain eye contact + - Pay attention +
- E** - Don't allow others to distract you. - If neighbors talk / distract, ignore them! Remain silent.
- F** - Don't be a flake. - You're in the class; so attend & listen; no (on-line) distractions! Then, study +
- G** - Asking questions can be an art. Be thoughtful, and helpful + In advance, Thank You!

END

18 - COURSE CALENDAR: MUSIC 305 -- JAZZ !

rev. 1 / 18

=====

MID-TERM EXAM : -- is planned for **WEEK #8 !** ... **REQUIRED ATTENDANCE !**
100% attendance. No early / late / make-ups . (possible scantron needed, TBA)

FINAL EXAM : for **Spring Semester 2018**

-- per HSU official schedule, for a 3:00pm T/Th class:

The Spring 2018 Mus305 Final Exam is : Tue May 8, @ 1500 (3pm) to 1650.

• **Plan on this time !**

In accordance with University scheduling, the final exam will be given as scheduled. Plan **NOW** for end-of-semester travel; especially avoid / eliminate plane flight / early travel conflicts. No excuses, especially flights / drives / events arranged by family or friends. **Early exams / late make-ups are not available** because of : 1.) tight scheduling (other exams and commitments); 2.) exams are revised each semester and not printed until the day of the exam; 3.) and in fairness to other students (equality, in this case) and also to the professor and his available time.

• **Scan-trons needed for FINAL ! -- Get the right one : Scan-tron # 882 - E**

Fill out all bubbles fully & darkly. Don't mangle (bend corners and edges) the scantron form. (Make these mistakes, and the scanner cannot read your answers.)

FINE (The End)
