Course Description/ Student Learning Outcomes:

The aim of your ear training course is to develop skill in your aural comprehension of music. We will approach the task from several different directions at once by working on performance of rhythms, melodies, and keyboard exercises and through dictation of rhythms, harmonic progressions and melodies.

What to expect for Harmonic/Melodic/Rhythmic Dictation:

1. Students will be able to audiate and/or sight sing melodies that are more difficult than those studied in ET II.
2. Students will be able to audiate and/or read and perform rhythms using syncopation in simple and compound meters
3. Students will be able to perform chord progressions on the piano using secondary chords.
4. Students will be able to hear and notate more difficult melodies than those studied in ET II.
5. Students will be able to hear and notate rhythms using syncopation in simple and compound meters.
6. Students will be able to hear and notate chord progressions using secondary chords and modulation
7. Students will be able to aurally identify the four most common types of period forms.

Pre-Requisites, etc.

You must have passed Ear Training II before enrolling in Ear Training III. In order to successfully understand the Ear Training III material, you must also have completed Theory II. In addition, you should be enrolled in a piano class. If you have great difficulty with singing, you should also be singing in a choir.

Grading and Course Requirements

Grades will be computed as follows:

Your grade will be based on your demonstrated skills in six different components of the course: singing, melodic dictation, rhythm performance, rhythmic dictation, keyboard skills, and harmonic dictation.

Students with Disabilities:

I am interested in helping every student learn as effectively as possible. If you think that you would learn better if I knew about a learning disability that you have, please tell me about it and let me know how best to help you. If you think that you should be tested to determine *if* you have a learning disability, or if you need to request disability-related accommodations that require assistance from experts in the field, you should contact the Student Disability Resource Center in House 71, 826-4678 (voice) or 826-5392 (TDD). Some accommodations may take up to several weeks to arrange. Contact the [Student Disability Resource Center](http://www.humboldt.edu/~sdrc/) at <http://www.humboldt.edu/~sdrc/>

Add/Drop policy:

Students are responsible for knowing the University policy, procedures, and schedule for dropping or adding classes. See [Schedule Adjustments \(Adding or Dropping\)](http://www.humboldt.edu/~reg/regulations/schedadjust.html) at <http://www.humboldt.edu/~reg/regulations/schedadjust.html>

Emergency evacuation:

Every classroom should have a gold poster describing the evacuation plan for the classroom. In case of an emergency requiring an evacuation, we will meet in the Art Quad to check that everyone made it out of the building safely. Then, if we need to move further away from the building, we will assemble at Redwood Bowl.

Please review the evacuation plan for the classroom (posted on the orange signs) , and review [Campus Emergency Preparedness](#) at
